A Statement From the Minority Expected in a Few Days-A Remark. able Proposition Regarding Divorces - Senator Daniel's Plan.

RICHMOND, Va., July 20.—The Constidebates. Chairman Green today submitted the report of the Committee on Preamble and Bill of Rights, with the statement that it was only partial and that the minority would likely submit a report. He asked that the report be laid on the table and printed for the information the members. This was ordered. He gave notice that he would call up the report for consideration early next week.

The word "Christian" remains in the draft submitted, and the supremacy of the United States Constitution is affirmed. It is understood that the preamble was the work of the Hon. John S. Barbour, of Culpeper.

General Assembly of Virginia, approved March the fifth, in the year of our Lord nineteen hundred, the question, 'Shall there be a convention to revise the constitution and amend the same?" was submitted to the electors of the State of Virginia, qualified to vote for members of the General Assembly, at an election held throughout the State on the fourth Thursday of May, in the year nineteen hun-dred, at which election a majority of the electors so qualified voting at said election did decide in favor of a convention

Mr. Anderson, President pro tempore, presided over the seasion today, which lasted for the usual twenty minutes. Prayer was offered by the Rev. George Cooper, of the First Baptist Church. Sixty eight members answered to their names. The attendance of visitors was the smallest yet, not more than a score being present.

"Resolved, That the Committee on the Legislative Department be, and is hereby, requested to report a provision to be engrafted into the constitution requiring the General Assembly to enact laws making the Commonwealth a party in all divorce proceedings hereafter instituted in any court of this State; the Commonwealth represented by its city or county attorney, as the case may be, whose duty it shall be to enquire carefully into all the facts, and if it shall be found that either or both parties have been guilty of misdemeanor or crime leading up to the breach of marriage, they shall be indicted and punished as the law may direct.

During today's session Senator Daniel presented to the Suffrage Committee his clause affecting the electorate and in presenting the paper enjoined the members of the committee to secrecy. He said that the plan was not entirely completed, though in a speech of half an hour he outlined the provisions. The members were not inclined to discuss the matter freely, saying the proposition was so complicated that it was difficult of comprehension. As outlined by Senator Daniel, the proposition calls for a residence of two years in the State, one year in county or city, and thirty days' in precinct. Property to the value of 1200 is to be held by the voter, his wife or father; a poli tax of \$2 is compulsory; men who have done military service to the United States are exempted, as are also persons over the age of sixty years; no person is to be exempted from payment of poll tax who draws a pension from the State or the United States, and persons who receive a salary or stipend are to be required to pay poll tax. Persons of recognized good character and education are to be exempted in discretion of local boards from the property qualification.

The plan is said to be more comprehensive than the Mississippi plan, the prin-

erty qualification.

These have gone on continuously since we convened, and a harder working, more serious minded and well disposed body I have never known."

The officers discovered the theft and, after a thorough search of the steamer, discovered the cigars sewed up in an old mattress on the main deck.

The suspected members of the crew are under surveillance and will probably be placed under arrest when the ship reaches her dock. It was also reported that on the outward voyage several cases of whisky were stolen from the cargo by members of the stip's crew.
